Erbil, Italian Village 2, Villa 589

The background of the slide features a close-up, shallow depth-of-field photograph of several lollipops. The lollipops have dark, spherical heads and thin sticks. One lollipop in the foreground is in sharp focus, while others in the background are blurred. The lighting creates soft shadows on the surface below.

## **Wealth Oil – OGP Logistical Support Services**

# Wealth Oil Clients

- GGFZ CO seismic for Exxon Mobil in Betwata by 35 Pick Up Cars Diesel 4x4
- Exxon Mobil by equipment (Bulldozers, Wheel Loaders, Shovelg, Graders, Dump Trucks, Jack Hammers 7 Excavators, ETC) - Camp Construction

## **"WEALTH OIL SUPPLIES AND SERVICE COMPANY"**

*Oil Field Professional and Experienced Man Power Supplies Oilfield Equipment and Professional / Consumable*

*Materials Supplies Oilfield Multipurpose*

*Service. Wealth Oil HSE Policy Statement*

### **WEALTH OIL HEALTH, SAFETY & ENVIRONMENT POLICY**

Wealth Oil is committed to conducting its business in harmony with neighboring communities without causing harm to people, environment or assets, in a manner consistent with our business principles and code of conduct.

This implies that we shall:

- o Comply with all National Laws and regulations and with industry standards.
- o Implement proactive and positive attitude of line management in the prevention of accident and respect of the environment.
- o Sets measurable HSE Objectives and implement corresponding action plans to achieve a continuous improvement of our performances.
- o Always communicate, share experiences on HSE matters with employees, contractors, stakeholders and others affected by our operations.
- o All employees and contractors are aware of the HSE policy and responsible to ensure proper respect to all safety and environmental matters and giving it the priority at all times.
- o Ensure prevention and control of pollution, reduction of emissions, discharges and waste to minimize our impact on the environment.
- o Create a positive HSE culture by actively informing and training personnel and by encouraging improved performances.
- o Possible accidental situations are identified, assessed and specific contingency plans are in place.
- o HSE Management System is audited at regular interval in order to ensure its continuous improvement and that activities are inspected and monitored.

It is the duty of all personnel to take personal responsibilities for preventing harm to themselves or their colleagues by working in accordance with the company's rules and procedures and for this purpose the anomaly card system is implemented.

In particular, it is the duty of management at all levels to promote and maintain HSE Awareness amongst their staff and to manage their activities in accordance with this Policy.

We ensure full commitment to these principles at all levels of Management and conduct regular assessments and reviews to ensure the continuous improvement of Health, Safety and Environmental conditions.

## **OUR**

### **VISION:**

We recognize the industry's growing need for equipment's and thus engineer , manufacture , and market the products that today's industry requires . Today's we are so proud to offer these services to our customers and know that you appreciate having a reliable source of quality equipment.

### **OUR MISSION:**

**WOCS'S** mission is to become acknowledged as an outstanding performer in Quality of Oil services & to be regional

Symbol of excellence in providing the best HSE performance.

- ☐ No accidents.
- ☐ No harm to people
- ☐ No harm to the environment

### **HSE Goals & Performance**

- Our goal is that of Continual Improvement in OHQE performance. – Zero LTI, Zero Property Damage, Zero Environmental impacts.
- Employment of Ex – Pat QHSE Advisor
- HSE Performance 2013/14 = LTI 0, MTC 0, RWC 4 (non-work related), FAC 7 (Minor Trauma cuts & abrasions)

### **OUR STRATEGY**

We will implement the Quality, Health, Safety, and Environment Policy by means of:

- ☐ Meeting the expectations within our QHSE Management System
- ☐ Allocating clear individual responsibilities.
- ☐ Setting performance challenges and Objectives.
- ☐ Internal Audit and Inspection performance.

### **Quality**

Our principal objective is provide customers with quality products and professional services that:

- Fully satisfy their needs.
  - Are delivered on time and within budget
  - Represent value for many
  - Through exceptional personal service, meeting or exceeding their expectations
- We achieve this through a structured continuous improvement program that ensures the quality of our products and services: helps reduce cost and develop staff skills.

### **International standards'**

**WEALTH OIL SUPPLIES & SERVICE** focuses on an international levels of supply and services advances technology, equipment and petroleum products. We are in the process of getting certified with international standards as ISO, DNV, IADC, IMPA and BVQI to name a few.

### **HSE**

**WOCS's** Health, Safety and Environment (HSE) Philosophy is to manage all work activities using a strategic HSE Process founded on management commitment , personal accountability , internationally recognized standards, appropriate levels of training , and a system of HSE performance measurement.

- ☐ WOCS's Managers support this in belief that all of us can prevent injuries, pollution of the environment and damage or loss to property or equipment. To achieve this, WOCS's Managers shall;
- ☐ Build and maintain a positive HSE focused culture throughout our organization.
- ☐ Ensure that all of our people are responsible for meeting our HSE standards and will be held accountable for their individual performance and those working under their supervision.
- ☐ Treat the HSE aspects of any work activity with equal value to commercial, production, and quality aspects.
- ☐ Comply with applicable laws and regulations pertaining to the country of operate
- ☐ Support the identification of hazards and risks assessment in work activities
- ☐ Encourage the reporting of unsafe acts and conditions and the actions to improve HSE performance
- ☐ Do their best to minimize the environmental impact of our activities by preventing pollution and minimizing waste
- ☐ Investigate all events where injuries , damage to property or the environment has occurred including all near miss incidents where there was high potential to cause injury or damage
- ☐ Ensure that actions are taken to correct and prevent similar events being repeated and those conclusions and recommendations are communicated in a timely manner

All people working within WOCS's have an obligation to follow these principles fully. By doing so, we create a working culture that continuously strives to improve HSE performance and a working environment where harm is reduced to a level which is as Low As Reasonably Practicable.

All standard documents required by the system are controlled using a master document register that is up to date. Records are special types of forms and controlled according to the WOCS's Quality Management System.

## Life-Saving Rules

	Obtain authorization before overriding or disabling safety critical		Wear your seat belt
	Protect yourself against a fall when working at height		Follow prescribed Journey Management Plan

## COMMUNITY RELATION PLAN INTRODUCTION

This Plan is intended to document WEALTH OIL's role in identifying and managing potential socioeconomic risks associated with its activities. The purpose is to establish some rules and practices for WEALTH OIL to be able to conduct its operations in a spirit of co-operation and harmony with local communities. Honest communication with the stakeholders in the operations area will enhance this and all persons involved are asked to treat the members of the community with respect and sensitivity.

The C.E.O will lead the Community Relations function and a Permit Manager will be hired locally to lead the Permit Team members.

## MANAGING COMMUNITY RELATIONS

Wealth Oil has a very good relation with Sheikhs and local communities in Local Region of Iraq.

Identify community stakeholders & develop good relations;

Liaise with local government officials to assist managing community and permitting Affairs & address issues of concern with the local population to avoid escalation; Fair & transparent employment & compensation to the damages;

Provide cultural awareness training to expatriate staff & local labor to discipline  
Themselves to show respect for property (especially not to touch any fruit or crops) and  
local culture, customs and religion;  
Plans scope may be modified based on block specific variances in local population &  
Security situation.

## GOALS

These are some goals for WEALTH OIL to realize in order to have good community  
Relations:

- Train all personnel on the personnel behavior to enhance good community relations;
- Maintain close contact with the all relevant governmental offices and stakeholders  
(Asiash, mayors, village chiefs, etc.).
- Create job opportunities for the local population and improve their labor skills;

## NATIONAL CONTENT

WEALTH OIL shall:

- ☐ Give preference to Local entities and firms with special emphasis on local entities and firms  
located in the vicinity of the work, or foreign firms associated with Local entities, provided that  
their relevant capabilities and prices are competitive with those available in the international  
market.
- ☐ Give preference to locally manufactured and/or available goods, materials, equipment,  
consumables and the like provided that their technical specifications, availability, prices, and  
time of delivery are comparable to those available in the international market

### A documented procedure is established to;

- ☐ Approve documents for adequacy prior to issue.
- ☐ Review and update as necessary and re-approve documents.
- ☐ Ensure that changes and the current revision status of documents are adhered to.
- ☐ Ensure the recent versions of applicable documents are available at points of use.
- ☐ Ensure that documents remain fit for purpose and readily identifiable.
- ☐ Apply suitable identification form numbers to them if they are retained for any purpose.

We are looking forwards to provide you the best and excellence service and you are always welcome  
for mutual cooperation with us.
